To whom it may concern

Scan Center Inc. has employed Alexander Kriss Escobar for 4 ½ years.
Scan Center is a retail store importing and selling Scandinavian furniture in Orlando, Florida. After 26 years we, the owners, decided to retire and close the retail store.

Alexander was hired when he was 18 years old, at first part time while finishing high school. He was trained in the product knowledge of Scandinavian furniture, and worked in all aspects of the business, i.e. sales, merchandizing, emptying full containers, inventory control, assembly of furniture, and deliveries.

He was eager to learn and a quick learner, his in-depth product knowledge enabled him to become an excellent sales associate.

Alexander is punctual, dependable, loyal, and a hard worker. He is a self-starter, and his manners and people skills are excellent. We can highly recommend him to any future employer.

Any questions regarding Alexander Escobar, please feel free to contact me at (407)595-9012.

Sincerely,
Scan Center Inc.

Berit Primdal
Owner
